EDUCATION

Boğaziçi University
2019 - 2024

Management Information Systems

I actively participated in Boğaziçi University Blockchain Society (BUCHAIN) for a year. As part of a development team, I contributed to building and maintaining the society's website, gaining valuable hands-on experience in web development and collaboration.

WORK EXPERIENCE

KOBIL
2024 April - ∞

Frontend Developer

Collaborated with international teams to design and enhance product features, adapting to dynamic client requirements. Developed new features, wrote tests, resolved bugs, and improved legacy code through refactoring. Applied Agile and Scrum methodologies. Acquired significant experience working in a demanding, fast-paced environment.

🏷 React.js, Typescript, Redux, React-Query, Material UI, Jest, Jira

Düğün.com
2023 May - 2024 March

Frontend Developer Intern

Contributed to the development of the main project and a side project. Resolved bugs, improved code. I had the opportunity to work closely with my mentor, gaining valuable insights from his expertise.

🏷 React.js, Typescript, Vue.js, Webpack, Jira

Vatansoft
2022 July - October

Frontend Developer Intern

Worked on an accounting management project with a small team. I developed new features and fixed bugs. Improved the project with real-time customer feedbacks. I gained valuable experience collaborating with backend and frontend teams, as well as effectively communicating with key stakeholders, including company managers.

🏷 React.js, Redux, Redux Saga

SKILLS

I have hands-on experience in both frontend and backend
development. Below are the key technologies I've worked with:

- Html, Css, Bootstrap, Tailwind, Material UI
- Javascript, Typescript, React.js, Vue.js, React Native
- Redux, Redux Saga, React-Query
- Node.js, Socket.io, MongoDB, Firebase
